Principal's Message: Our New School Logo

In the fall we began the process of developing a vision for our school community. Parents, students, staff, community partners and district staff came together to explore our strengths, our beliefs and our future. We took time to appreciate the best of Maywood with the following words: openness, nurturing, connectedness, relationship, family and friends, support and how our school is the heart of the community.

We acknowledged that the Maywood community values conversations and stories, and the diversity and resilience of our families and our collaborative work together.

As we look forward to the future, we remember what we believe in:

- ⇒ Providing a sense of home,
- ⇒ Building capacity in each other
- ⇒ Carrying our kindness forward

Even though we are moving into uncertain times with a changing neighbourhood, we want to maintain the strong sense of community, nurture the spirit of Maywood and preserve funding for our school.

We worked with local Indigenous artist Shain Jackson who created a logo to reflect the values and beliefs of our school community.

We are so grateful for his work and his generosity of time and creativity. He has gifted our school with a carving of our new school logo. Please take some time to look at this beautiful piece outside our school office. Many members of our school community have been part of this process and know the story of our logo. We are sharing the story with our students.

Please ask them about the meaning of the logo.
