Principal's Report: A Year of Gratitude

As we end the school year, I want to acknowledge the many people who made a difference at Maywood.

Thank you to the Maywood parents. You made thoughtful decisions about what's best for your child throughout the school year. Some of you moved to online learning. Some of you sent your children to school for in person instruction. Some of you accessed the transition program. Some of you home-schooled. Regardless of your choice, you supported your child in their learning in new ways. You connected with teachers in new ways—virtual meetings, emails, look at your child's TEAMS portfolio. You also supported the staff by following the safety protocols—daily health checks, mask wearing, physical distancing. You made a difference.

Thank you to the Maywood staff. You reinvented school this year. You found ways to engage kids in learning while keeping them safe. You recreated new lessons and spent endless hours organizing materials and preparing your covid-safe space. You taught and retaught healthy habits like handwashing and physical distancing. You helped children feel calm when the world was full of worry and stress. You risked your own health to keep schools open and to support children and families during a very stressful year. You kept things clean and sanitized. You made a difference.

Thank you to our generous community partners. You donated thousands of dollars to provide food support for families in need. You provided funding for birthday books, boots and coats and school supplies. You provided low cost and no cost out of school time programs to keep kids connected and social. You provided adult education and childcare. You made a difference.

Thank you to the amazing Maywood students. You have shown resilience and flexibility as we adapted to new safety protocols. You kept yourself safe and thought about safety of others by washing your hands, staying home when you were sick and wearing masks. You worked hard to learn new things and persevered as you learned new ways of using technology. You connected with the others in our learning cohort and worked through conflicts and problems peacefully. You spoke up for what is right on our path toward reconciliation and in our fight against racism. You connected with nature and focused on your own well being. You made a difference.

Thank you. Together we made a difference and lifted each other up during this very stressful year.

On behalf of the Maywood staff, we wish you a safe and fun-filled summer.

Stay tuned for September startup plans by checking our website at <http://maywood.burnabyschools.ca> and by checking your email in August.

Staggered Times to Create Space: During this pandemic year, we were forced to change and do things differently. By doing this, we realized that there are some things that made school a better place. We really liked connecting with parents outside at the beginning and the end of each day. We would like to continue having this connect time next year but with two teams. Half of the school will start at 9:00am and end at 3:00pm. The other half would start at 8:50am and end their day at 2:50pm. Parents will drop off and pick up their children in an outside space. If you have any concerns or questions, feel free to reach out to Ms. Yamamoto at Kathryn.yamamoto@burnabyschools.ca

Goodbyes: Please join me in thanking the following staff who will be leaving Maywood at the end of June. We are grateful for their contributions to the school community.

We also wanted to acknowledge Ms. Halina Quibell as she has decided to retire from teaching this June. She has had a wonderful career as a learning support and reading recovery teacher and has spent the last dozen years at Maywood. She has taught so many children to read and has made such a difference for our students with special needs. Thank you, Ms. Quibell. We wish you all the best in your retirement.
